<b>Growing Region</b>	Frankland River, Western Australia.
<b>Technical Details</b>	Alc. 13.0% pH 3.03 TA 6.64 g/l RS 3.0 g/L
<b>Appearance</b>	Tinges of green on pale straw.
<b>Nose</b>	Lifted aromas of blossoms, green apples, lime zest and tangerine.
<b>Palate</b>	Textured palate of lime and lemon citrus with mineral acidity and a persistent finish.
<b>Winemaker's Comments</b>	A warmer growing season for Riesling contributed ripe lime and tangerine flavours, within the citrus spectrum. The palate has a slightly rounder, flavoursome style to it, but retaining the Block 28 characters of minerality and length.
