VINTAGE	Following a wet winter, the rain eased in November and set up the growing season nicely. January and February remained dry and allowed our fruit to perfectly ripen. A slightly cooler summer delayed ripening and the subsequent harvest, which was two weeks later than Vintage 2021.
APPEARANCE	Vibrant, light salmon pink.
NOSE	Rose petal florals with an attractive strawberry lift.
PALATE	A fresh, delicate wine with abundant red berry, bright cherry and strawberry fruit.
VINIFICATION	Selected parcels of estate Pinot Noir were harvested in the cool, early morning and immediately crushed and de-stemmed via must chiller to our press. The juice was then quickly separated from the skins to minimise colour and phenolic pick up. Minimal fining was undertaken and the juice cold settled. A cool fermentation in stainless steel tanks followed to capture the fresh Pinot Noir fruit characters.
CELLARING	Drink now while fresh flavours dominate.
SERVE	Serve slightly chilled at 8-12°C
FOOD	Light seafood pasta
